ABOUT Joint Universities Preliminary Examinations Board (JUPEB)

JUPEB means Joint Universities Preliminary Examinations Board. It was introduced by the University of Lagos State (UNILAG) in December 2013. JUPEB is accepted in over 95% of universities in Nigeria.

History of JUPEB

The Joint Universities Preliminary Examinations Board (JUPEB) is a national examinations body approved by the Federal Government of Nigeria first established in December 2013 but formally introduced in April 2014 by a consortium of ten (10) partnering universities led by the University of Lagos.

The board is responsible for conducting common and standard examinations for candidates, who have been exposed to a minimum of one year of approved courses in the different Universities' Foundation and/or Diploma Programmes and are seeking Direct Entry admissions into University courses at the 200 Level in Nigerian and partnering foreign universities.

The first JUPEB examination was conducted in August 2014 and successful candidates were admitted into the 200 Level by JAMB based on recommendations from the universities from 2015, JUPEB Examinations are often held in June annually.

*The main JUPEB syllabus is the property of The Joint University Preliminary Examinations.

Chapter Four

JUPEB Grading System

Students' academic efforts are interpreted into grades and points at the end of the program. The table below contains information on the calculation of these grades, points, and examples.

MARKS	GRADE POINTS	REMARKS
70-100	5	Excellent
60-69	4	Very Good
50-59	3	Good
45-49	2	Merit
40-44	1	Pass
43 and below	0	Fail

So if A = 5, B = 4, C = 3, D = 2, E = 1, F = 0 (and 1 point is added to a candidate who doesn't have an F in their result)

For example, a student who gets a C grade in all three subjects entered has a point calculated like this:

$$CCC=3+3+3+1 = 10\text{pts}$$

Maximum point AAA in your three subject courses = $15 + 1 = 16$ points.

Note: JUPEB results are released a maximum of 60 days after the final examination.
